Parking Reminder

Parking spaces in our lot are limited, yet the number of unit owners with multiple vehicles continues to increase. To ensure that we fairly accommodate all unit owners and their guests, please be reminded:

- All vehicles parked in the Building 25 parking lot must be registered and must properly display a current, valid parking permit.
 - All Unit Owners must register *each* of their vehicles using the Vehicle Owner Registration Form, kept on file in the Business Office, room 105.
 - All Guests and Visitors must register their vehicle at the Front Desk Security. As a courtesy to guests, two temporary parking spaces have been created within the driveway adjacent to the front entrance, so guests may conveniently register their vehicle and obtain/display a temporary parking permit prior to parking in the Guest Parking area.
 - With the exception of owners of double units, owners are provided one (1) Reserved Parking space. Unit owners with a second vehicle may obtain one additional parking permit and park their second vehicle in the Guest Parking area.
 - Unit owners with three (3) or more vehicles may choose to either:
 - Rent building-owned Reserved Parking Space(s) for the additional vehicle(s). (Please note: Due to demand, there are few of these spaces remaining.)
- OR-
- Park the third (or more) additional vehicle(s) off the property.

Otherwise, additional vehicles parked in our lot risk being towed.
