Corridor Painting Project

The corridor painting project continues and work is scheduled to begin on the **10th and 9th floors** on Tuesday, August 18th with preparatory work, including covering the carpet, patching and sanding.

As work progresses with wall, trim and door painting, we will notify unit owners when the unit doors will be primed and painted.

Be advised, in order to prime and paint the doors they must be open during this process. The drying time takes only about one hour per door. For security of unit owners, the corridor will be supervised while contractors are working on unit doors.
